DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 16 September 2004 has been entered.

Allowance

2. The following is an examiner's statement of reasons for allowance:
3. The prior art of record fails to disclose or suggest a device for connecting hollow organs or sealing wall defects in hollow organs comprising at least one spiral needle and two guidetracks disposed along the edge of a recess in a base mounting that intersect each other at one of the beginning and at the end of their course along the recess. This limitation, in combination with all of the limitations of claim 1, makes the claim allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
